CHOUKNIN WOUNDED. HUNDREDS HOMELESS

Russian Vice Admiral Is Shot by a Woman Four Times.
Oil Town In West Virginia Nearly Wiped Out of Existence.

A S LAN IS SLAIN LARGE LOSS BY FIRE

Under Pretext of Saving the Daughter of a Friend of the Naval Commander he Manages to Enter his Office.

St. Petersburg, Feb. 10.—While Vice Admiral Chouknin was in his office at Sebastopol, says a dispatch to the admiralty, he was shot by a woman in the breast, right shoulder and both legs. Surgeons stated Saturday that he would probably recover. The most serious wound is in the breast. The assailant, who was shot and killed by an orderly, who rushed to his assistance, is believed, like the murderer of General Sakharoff and the assassin of General Shuvaleff, prefect of police of Moscow, to have been an emissary of the St. Petersburg group of terrorists.

The woman arrived at Sebastopol Feb. 7 and registered at a hotel under the name of Krupinskai. She was well dressed and quiet in manner and attracted no attention. At 3 o'clock Friday the woman appeared at the official residence of Vice Admiral Chouknin and sent in her card, saying she was the daughter of a rear admiral who was an old acquaintance of Chouknin at St. Petersburg, and requested an interview. Upon entering the admiral's office she drew a rapid fire pistol and fired four shots at Chouknin with deliberate aim, each bullet reaching its mark. She then turned to flee but was killed by an orderly.

Chouknin exhibited remarkable nerve and continued to issue orders even while being carried to bed, and during the examination by the surgeons he received personally friends who came to sympathize with him.

The attempt on Chouknin's life created great excitement among the sailors at Sebastopol, a large proportion of whom are sailors and continually on the verge of mutiny.

Revolutionists at Sebastopol attempted to organize a demonstration, but were unsuccessful.

WAS NOT KILLED.

Supposed Dead Man Placed Under Arrest After Being Shot.

Victor, Colo., Feb. 10.—J. J. McEachern, whose death was reported Jan. 22, and life insurance policies paid, was arrested, at the home of his sister here Friday night by City Marshal Naylor, after a fight, in which McEachern was wounded by a bullet.

McEachern was reported to have been killed by the accidental discharge of giant powder, but an investigation by fraternal societies in which he was insured disclosed the body of Robert Speed, who was killed two days previously in a mine, had been unearthed, taken to a tunnel in which McEachern was working and blown to pieces with giant powder. The authorities were informed McEachern was the victim of the discharge, and an old life insurance company paid a policy on his life. Deeper investigation by fraternal societies resulted in finding McEachern alive and his arrest to follow.

Jack Cowley, who worked with McEachern, was also placed in jail.

This treatment of the body of Robert Speed greatly incensed his friends and a lynching was threatened. McEachern has been removed to the county jail in Cripple Creek and a heavy guard placed around the prison.

WOUNDED BY ROBBERS.

Italian Mortally Shot by One of Two Miscreants Who Boarded a Train.

Exeter, N. H., Feb. 10.—Two unknown men who boarded a Boston and Maine express train at Dover shot and mortally wounded an unknown Italian as he was starting to leave the train at Rockingham Junction Saturday. The conductor of the train attempted to arrest the men, having been notified by Dover police that they had robbed the Luddy & Currier Shoe factory at Dover and they were on the train. At the same moment the Italian started to leave a car and one of the alleged robbers fired five revolver shots at him, all of which took effect. The Italian died shortly afterward. In the confusion which followed the shooting the two suspects jumped from the car and disappeared in the woods. The safe in the Luddy & Currier factory was blown open, but the robbers secured nothing.

WANTS INVESTIGATION.

Mississippi Legislator Desires Matter to Be Looked Into.

Jackson, Miss., Feb. 10.—A concurrent resolution was introduced in the lower house by Mr. Ethridge ordering the railroad commission and the attorney general to investigate the report of the acquisition of the Illinois Central railroad by the Railways Securities company, and declaring that "the transaction should be challenged in the courts of the state and nation, and that it is calculated to deprive the people of the benefits of competition in railroad traffic."

THINKS MANN WROTE THEM.

New York, Feb. 10.—Albert S. Osborn of Rochester, a handwriting expert, testified in the hearing of Col. W. D. Mann, editor of Town Topics, on a charge of perjury, that in his opinion Colonel Mann wrote the disputed characters, "O. K., W. D. M.", which appear on a letter to Count Reginald Ward. Osborn appeared for the prosecution.

THE MORNING EAGLE

Entered at the Postoffice as second class mail matter

Per Week, 15c - Per Month, 40c

BY CARNES & WALLACE.

ANNOUNCEMENTS

The Eagle is authorized to announce

J. E. BUTLER

as a candidate for Mayor of Bryan at the ensuing city election in April, subject to the action of the city democratic primary to be held Tuesday, Feb. 20, 1906.

BRYAN, TEXAS, FEB. 11, 1906.

Homes seekers from distant states are coming to Texas in large numbers, and there is, all things considered, no more inviting location for them than is afforded by Brazos county.

Many of our own people who have gone away to find a better country, have come to the conclusion that old Brazos is hard to beat, and returned. Their experience is the strongest testimonial that conditions here are favorable to the man who wants to own his home and live independently. Young men of our own county will do well to acquire lands now, and establish themselves firmly upon their native soil, seeking diligently and industriously to provide themselves with the sure rewards of well directed labor and good management.

An Associated Press dispatch from Chicago says that between 15,000 and 25,000 home-seekers started for southwest Texas this week through the gateways of Chicago, Memphis, St. Louis, Kansas City and Omaha. According to declarations by passenger men who have been closely watching the movement which has been going on ever since cheap excursion rates were put into effect last fall, this week's movement was a record breaker, and it is said that more people have sought homes in the southwest in the last three months than ever before during any similar period. John Sebastian, passenger traffic manager of the Rock Island, has just returned from Southwest Texas and said the movement of home-seekers in that direction is almost beyond belief.

The Eagle acknowledges misinformation in regard to the constitution of the State Printing board, having referred to it recently as composed of the governor, attorney general and State treasurer. The board is composed of the two officials last named and the secretary of State instead of the governor. Mr. O. K. Shannon is the present secretary of State and is chairman of the board of public printing. Friends of Mr. W. P. Connelly who appreciate the action of the printing board in choosing him in response to Bryan's hearty endorsement will please take note of Mr. Shannon's relation to the incident.

BIG SHOOT MONDAY.

At the Fair Grounds—Squad of Crack Shots Coming—All Sportsmen Invited.

Mr. J. E. Covey on yesterday received a telegram from Mr. D. E. Saunders at Houston stating that he will be here Monday with a squad of five crack shots. Accordingly a shoot has been arranged at the Central Texas fair grounds for Monday afternoon at 3 o'clock. All shooters are invited to attend, and to bring their guns if they desire. Mr. Saunders is the representative of the Winchester Repeating Arms Company.

Rt. Rev. George Kinsolving, Bishop of Texas, arrived from Austin yesterday and is the guest of Mr. and Mrs. Jas. O. Chance. He is here on his annual visitation to St. Andrew's parish and will officiate at the morning service at the Episcopal church today, and administer confirmation on a class.

FOSTER'S WEATHER BULLETIN.

(Copyrighted 1906, by W. T. Foster.)

NOTE.—My "Crop Weather" forecasts for 1906 are now complete, are of unusual interest, are the best I have ever made and a sample of them will be mailed to anyone on receipt of a two-cent stamp. Address, W. T. FOSTER, Washington, D. C., Box XI.

WASHINGTON, D. C., Feb. 10.—Last bulletin gave forecasts of disturbance to cross continent 10 to 14, warm wave 9 to 13, cool wave 12 to 16. Next disturbance will reach Pacific coast about 15th, cross west of Rockies by close of 16th, great central valleys 17th to 19th, Eastern states 20th. Warm wave will cross west of Rockies about 15th, great central valleys 17th, Eastern states 19th. Cool wave will cross west of Rockies about 18th, great central valleys 20th, Eastern states 22d.

This disturbance will be most severe just before it reaches the Pacific coast and just after it starts out on its journey across the Atlantic. High temperature will precede it and its cool wave will inaugurate the low temperatures that will prevail last week of the month. Great storms are not expected. Rainfall will begin to increase as its cool wave comes in and will continue for a week, but not very much rain.

Following Feb. 10th will come a long spell of warm weather and a February thaw with not much rain or snow. The severest storms of the month will come during the five days of which 12 will be central day.

I have completed my calculations for monthly temperatures and rainfall for 1906 and 1907, and as my records and system of forecasting are more complete than ever before, I am confident it will pay all interested parties to make them the basis of their future transactions. More important crop-weather has not occurred for years than is shown by my calculations for 1906 and 1907. You will get the calculations through the newspapers that publish my work, but I always respond to inquiries when a two-cent stamp is inclosed.

Indications are that agriculture in the United States is coming to its own; that the long depression that held down the farmer 36 years, beginning with 1867 and ending in 1901, will not soon return again. That blight that hovered over agriculture so long was not caused by the weather and therefore that great interest should not again forget that eternal vigilance is the price.

A most relentless war is now in progress throughout the civilized world between special interests, and agriculture will suffer, unless it is on the alert, ever vigilant in guarding its own. In order to control Ireland and prevent its parliament from being re-established, the British government long ago adopted the policy of keeping the Irish people divided and warring among themselves. Therein is a wholesome lesson for agriculture. The shrewd enemy seeks to divide in order to conquer. In its great success in America, agriculture is a great temptation to the exploiter and well organized special interests are perfecting plans to gather the butter while the farmers do the churning. How foolish it is for those who have a common interest to be divided against themselves. Such house cannot stand. Let eternal vigilance be the watchword of all who till the soil.

CARD FROM W. P. CONNELLY.

To My Friends at Bryan and College Station:

I would be a person utterly without sense of appreciation if I did not feel the obligation I am under to Bryan friends for their warm and effectual support of me in my recent contest for State Expert Printer. My race was extremely short in duration, lasting only from Sunday morning until Tuesday morning; and with me eight hundred miles away, I q it obviously had no opportunity to call upon many of my friends during this limited time. But those who were notified "did a plenty," and as usual, the voice of Brazos county people when lifted up, was not without avail.

Without further multiplication of words, I am extremely thankful to one and all.

W. P. CONNELLY

DEATH OF MRS. BASSIE MOREHEAD.

Mrs. Bassie Morehead, wife of Mr L E. Morehead, died at their home in the Holligan community Friday at 12:30 p. m., and was buried yesterday afternoon at 3 o'clock.

Mrs. Morehead was 19 years old and leaves a husband and baby. She was a daughter of Mr. and Mrs. D. E. Thompson and reared in Brazos county. She was a lady of most admirable and lovable character and held in high esteem. Her death is a severe blow to the family and friends.

Work was begun on the spur track to be built by the I. & G. N. at the A. and M. College. This track will run from the main building to the college new warehouse and the power plant. Several teams are employed in the work of grading which will be pushed as rapidly as possible. In addition to using this track for hauling freight in carload lots, it has been suggested that this spur track be also used for the proposed Bryan-College motor car service in connection with the I. & G. N. main line.

H. & T. C. EXCURSIONS.

The H. & T. C. railway will sell round trip tickets to the following points at the following rates: Laredo, Feb. 20 and 21, \$5 25; Monterey, Feb. 20 and 21, \$8 25; Nashville, Feb. 25 to 27, \$22 05; New Orleans (account of Mardi Gras), Feb. 21 to 26, \$13 00, limit March 10th. One way rate to California points now going at \$25; also Arizona and New Mexico. W. S. Wilson, Agt.

Brazos county should again try for the county exhibit premium at the state fairs. The victory at San Antonio the past year is a distinct advancement to the county and the best sort of advertising. If it can be repeated this year it will go far towards attracting home seekers, who want good productive land at a reasonable price. Mr. F. W. Yeager, who had charge of the Brazos county exhibit, is now in Bryan and will again lend all the help he can to the enterprise.

Escape in Night Clothes. Edmond, Okla., Feb. 10.—Residence of Thomas Hoff, near here, burned. Family escaped in night clothes.

Some Silk Recovered. San Antonio, Feb. 10.—Some of the 2,500 yards of silk stolen from a boxcar near here has been recovered.

Seek not time when time is past;
Sober speed is wisdom's leisure.

And now, may sober speed in its full application be enjoyed as the well-earned recompense of Villa Maria's students. The past week has witnessed the culmination of five months of mental toil and research; and the brilliant semi-annual examinations were but a crowning glory, as ever must be the case, in the concern of indefatigable labor and honest endeavor.

Marked good will was shown from the tiny tots in the kindergarten department—sweet cherubs of our court halls—to the fair young graduates verging on the threshold of life's school—that world wide class room wherein the fruits of good will nourished by solid virtue and embellished by intellectual profligacy, are brought to such a high state of perfection.

Examinations were held in the following branches: Spelling, natural science, Bible history, grammar, geography, physiology, arithmetic, algebra, geometry, civil government, rhetoric, modern history, literature, logic, mythology, geology and metaphysics.

On Wednesday afternoon the following program was artistically

MONROE EDGE

Remember we know how to get property for sale at its true value, and "you bet" we know how to sell it. We don't like to swap without some boot; but in order to trade quick we won't ask any boot provided "yours" as good as "ours."

We have a 150 acre farm, 70 acres in cultivation, good black land, will make a bale to the acre; 25 pecan trees, good peach orchard, all under fence, fine post timber on the tract. Will exchange above farm for place in Bryan.

Come quick, or some one else will get it.

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of Coughs, Colds and Croup.

Our little girl was unconscious from stranguulation during a sudden and terrible attack of croup. I quickly secured a bottle of One Minute Cough Cure and gave her three doses half an hour apart. The croup was soon mastered and our little darling speedily recovered.

One Minute Cough Cure too much for what it has done in our family.—A. L. Spafford, Postmaster, Chester, Mich.

To Miss Cora Garth the Bachelorettes club owes its hearty thanks for one of the most delightful meetings in its history, which was held Saturday afternoon from 3 to 6. With such a delightful afternoon, and such a charming hostess there was nothing for the guests to do but enjoy themselves. All the young ladies brought their sewing and after the required thirty minutes for this occupation, several games were played. Suspended from the ceiling was a large Chinese umbrella and from each tip hung a large, red heart with a string attached. Each girl present on pulling the string of her choice found on the back of the heart a fortune. Some feathers were thrown up in the room and each guest was to catch a feather and find attached the name of her future husband. Then the guests, each one in her turn, had to give a definition of love. A pretty heart-shaped powder rag was given as a prize to the one giving the best definition. A most palatable luncheon was served. Mrs. F. I. Garth, Miss Garth and Mrs. John Friley assisted the hostess.

The Bachelor Girls' Club was at home with Miss Lavinia McConnico on Friday at the home of her parents, Mr. and Mrs. A. D. McConnico. The guests gathered early, and after sewing for a while tables were arranged for high five and forty-two, and soon the pretty rooms rang with laughter and sound of merriment. The bidding spirit ran high, excellent scores were made and much good judgment was shown by the players. At the close the heart-shaped score cards showed in comparison that the club prize, a heart-shaped sachet presented by Mrs. J. S. Mooring, belonged to Miss Lucy Board. The married ladies' trophy, a heart-shaped powder rag, went to Mrs. A. L. Haynes of Austin, and was presented by Miss Board. A salad course was then served by the hostess, assisted by her mother and her aunt, Mrs. J. S. Mooring. When leave takings were said cordial thanks was offered for the unusually pleasant afternoon.

Miss Eula Gregg entertained a merry party of young friends from Bryan at a house party at the home of her parents, Mr. and Mrs. John Gregg of Pittsbridge, on Feb. 2 and 3. Her guests were Misses Nellie Cole, Lucile DeMaret, Irene B. and Lola Betts, Lillie Barron, Little Read, Charlie Jenkins and Ella Ray Boyle. Roy Nunn, Johnnie Sims, Joe Spell, Seth DeMaritt, Mit Parkr, Charlie and Jay Adams, Rudolph and Hudson Myers joined in the pleasures of the event Friday evening.

Roy Nunn entertained a merry party of young people at the home of his parents, Mr. and Mrs. T. C. Nunn, yesterday evening. Present were Misses Mary Roman, Ruby Reed, Nellie Cole, Eula Gregg, Little Read, Aline Rohde, Blanchard, Buchanan, Gertrude Eaves, Sadie, Batte, Charlie Jenkins. Boys: Frank Buchanan, Rudolph Myers, Grady Buchanan, Rastoe Doremus, Joe Spell, Frank Webb, Roy Nunn, Hudson Myers, Charlie Adams, T. C. Nunn, Jr.

BOUT A DRAW.

Herrera and Hermann Fight Twenty Rounds, Neither Winning.

Los Angeles, Feb. 10.—Kid Hermann of Chicago and Aurelio Herrera of Bakersfield, Cal., fought a twenty-round draw before the Pacific Athletic club Friday night. The fight was an interesting one, a splendid exhibition of cleverness on the part of Herrera. With the disadvantages in weight, height and reach to overcome, Hermann fought with splendid generalship and clever-

ness. From the first to the fifteenth round Hermann had a decided lead on points, using his left to Herrera's body successfully and especially in the in-fighting.

There were a great many Herrera admirers, who was in splendid condition. He tried to land his knockout blow on the jaw, but did not land it squarely during the fight. Herrera's splendid ducking and spindly recovering capability stood him in good stead. Herrera used a stiff left jab frequently that found its mark on Hermann's face. As long as he boxed with Herrera and kept him from setting himself for a blow, Herrera had the advantage, but in the exchanges Herrera's superior hitting ability told.

LAWSON AT WASHINGTON.

Boston Financier Visits Both Wings of Capitol Building.

Washington, Feb. 10.—Thomas W. Lawson of Boston was at the capitol Friday. He came to the senate wing first and then went to the house to see Representative McCall of Massachusetts. Mr. Lawson was the guest of Mr. McCall at luncheon at the capitol, at which Speaker Cannon, Representatives John Sharp Williams, William Alden Smith and Littlefield were other guests.

Mr. Lawson had a conference with Senator La Follette during the afternoon. The senator is a member of the insurance committee which Mr. Lawson organized last summer, and the meeting was in relation to Thursday's affair.

DIFFICULT TO DETECT.

Three Counterfeit Silver Half Dollars Received From Texas.

Chicago, Feb. 10.—Three counterfeit silver half dollars were found in a consignment of money which reached the United States subtreasury from Texas. The coins cannot be detected as spurious except by the close inspection of an expert. Chief John E. Wilkie of the United States secret service identified them as some of a lot of counterfeit coins which were circulated in the United States three years ago and were made in China by expert counterfeiters. They contain the legal amount of silver.

SPEED RECORD.

Four Hundred and Twenty-Nine Pension Bills Passed.

Washington, Feb. 10.—The house Friday ground out its usual semi-monthly grist of private pensions, passing in seventy-two minutes 429 bills for the benefit of veterans who are barred from one reason or another from coming under the general statute. Seventy-five per cent of the beneficiaries are either blind or bed-ridden. They contain the legal amount of silver.

NEGRO POET DIES.

Paul Laurence Dunbar Departs This Life From Consumption.

Denton, O., Feb. 10.—Paul Laurence Dunbar, the poet of the negro race, died at his home here Friday afternoon of consumption. He was born at Dayton June 27, 1872.

Left to Executive Committee.

Mobile, Feb. 10.—The convention of the Interstate Cane Growers' association adjourned Friday afternoon. The executive committee will decide the next place of meeting. In all probability Tampa, Fla., will be chosen.

Dividend Passed Up.

New York, Feb. 10.—Directors of the St. Louis and San Francisco Railway company decided to pass the semi-annual dividend on the company's second preferred stock, falling due March 1.

Entertained on Plantation.

Merida, Yucatan, Feb. 10.—President Diaz was entertained on the great plantation belonging to Rafael Peón near this city.

HARRINGTON ASKED.

Texas Educator Urged to Speak For Cattle Tick Measure.

Washington, Feb. 10.—Congressman Runsell of Louisiana and Moore of Texas, who have charge of the bill asking \$100,000 to fight the cattle tick, have arranged a hearing on the bill for Feb. 15, to which southern and western cattlemen are invited. President Harrington of the agricultural and mechanical college of Texas has been urged to argue the matter before the committee.

At a meeting of congressmen who are interested, held Friday evening, it was decided to push no bills for river and harbors this session. The executive committee of the Deep Water convention is to meet here March 10, when the legislatures of all states interested will be asked to demand a substantial harbor and river bill at the short session of congress and an annual appropriation for this work for \$50,000,000. Only moderate appropriations will be asked at this session under the civil sundry bill for work under way Galveston, Sabine, Aransas Pass and the Trinity and Brazos rivers.

MANY TO ATTEND.

Nearly Two Thousand Federal Soldiers Expected at Next Encampment.

Austin, Tex., Feb. 10.—Adjutant General Hulen has returned from Washington, where he has been four weeks on business connected with a National Guard, also on behalf of Texas' claim for \$396,000 against the Federal government for money expended for the protection of the frontier. General Hulen declared that the chances were favorable for Texas getting the claim approved.

One object of the trip of General Hulen was to secure the attendance of 1,500 to 2,000 Federal troops for the next state encampment, to be held here in July or August next, and in this he was eminently successful. Congress provided for seven camps of instruction to be held during the coming year, and General Hulen says there is no doubt but what one of the camps will be held at Austin in connection with the state encampment. General Hulen announced that this insured one of the largest camps ever held in Texas. He declared the stories were erroneous that he was working in behalf of Austin being selected as a point for permanent maneuver grounds of militia in the southern states.

LOCK TOO STRONG.

Bloodstains Indicate There Must Have Been Injuries Sustained.

Fort Worth, Feb. 10.—An attempt was made to crack the safe of the G. W. Owens Lumber company Friday night. A carpenter shop across the street was railed first and tools obtained. The triple burglar proof lock on the new safe, just installed, prevented the plan from being carried out and little injury was done to the safe. Bloodstains on the wall indicate that the robbers were injured in the operations.

Reports from the range country indicate no serious injury was done to the livestock industry by the recent cold snap. Cattle are a little drawn in some localities where grass was injured from excessive moisture, but the general report is that cattle are wintering well.

An eastbound passenger train on the Texas and Pacific was wrecked two miles west of Odessa Saturday morning by a broken rail. Several passengers were injured, but none seriously.

SHOT THROUGH HEART.

Terrible Tragedy Results From Filing of a Divorce Suit.

Houston, Feb. 10.—The filing of a divorce brought about a desperate tragedy, wherein Charles A. Cappart, chief clerk for the Houston and Texas Central railway shops, put a bullet through the heart of his brother-in-law, Ernest J. Bannerman, an engineer for many years on the Central. Cappart's wife sued him for a divorce and the murderer alleges that Bannerman inspired the suit in order that he himself might marry her.

PARTNER SUED.

Eight Depositors File Suit Against Rev. E. L. Kelly.

Peoria, Ill., Feb. 10.—Eight of the depositors of the Peoples Savings bank, of which the late Rev. Dr. George H. Simmons, who committed suicide, was president, filed proceedings in the United States court here against Rev. E. L. Kelly, surviving partner in the bank, asking that the bank be declared bankrupt. In their petition they assert that the bank was insolvent at the time of its closing; that on Monday, Feb. 5, the day before Dr. Simmons committed suicide, it paid out to depositors a sum in excess of \$600,000, making them preferred creditors.

HANGED AT HACKENSACK.

Reprise of Condemned Man Only Extended For One Day.

Hackensack, N. J., Feb. 10.—Jerry Ross, an Italian, was hanged here Saturday for the murder of another Italian, which was committed two years ago. Ross was recently reprieved, no date having been set for the execution of the death sentence until Friday, when Governor Stokes directed that he should pay the penalty Saturday.
